Have a Little Faith with Pastor Randy

By: Liliana Mcfarlane

Pastor Randy Fullerton has been faithfully working with Glendale Christian School since November of 2017. He is devoted to Christ, and seeks Him first in everything he does. When asked what he thinks of the new school and classes, Pastor Randy said that they are wonderful! He loves the new large classrooms, building, and meeting the new students. He likes how every classroom is securely inside but with a beautiful view of God's natural beauty. Pastor Randy said that the school gives the teachers their own clean, large, beautiful space to keep their materials in, and students a brighter and more spacious atmosphere to learn in. The new school gives everyone space to grow. Pastor Randy says the hardest part of his job has been getting the new school built. Fortunately, that was accomplished! However, there is a phase two that needs to begin. That phase consists of bringing in portable classrooms to move the elementary school and preschool out to the west campus. Before that can happen, there is a debt of nearly \$500,000 that needs to be paid off.

This is why we have fundraisers. If we all contribute, the hope is to pay that debt off within 2 to 3 years. However there is good news to report. Pastor Randy says that the west campus should be getting hot meals and a cafeteria soon! It is one of the many things they hope to do to improve the new school. Also, rumor has it that we are getting outdoor equipment! Pastor Randy wants everyone to take a look at what God has already done. Less than two years ago, we did not have this land. Now we have a beautiful school! So, let's have a little faith and believe; the best is yet to come.

Welcome to Glendale East: Kathy Webber

By: Cammy Ioannides and Matthew Riendeau

In honor of Kathy Webber's new office position, this biography highlights the important details of her life. Mrs. Webber was born in Rushville, Illinois on August 29. When she was in school, she enjoyed learning about Christianity and health science. Mrs. Webber earned her AA at Spoon River Community College and her Bachelor's degree at Greenville University. After teaching in public schools for twenty-eight years, Mrs. Webber felt she needed to work at a school where she could freely share her faith and chose Glendale Christian School. She admits there's still so much to learn about her new position and that the hardest part of her job is keeping up with all of the new procedures, names, and routines. Outside of school, her greatest accomplishment is raising her daughters, and she is deeply passionate about helping others and showing them the love of Christ. In her free time, she enjoys walking in nature, taking naps, and treating herself to ice cream. Welcome to Glendale Christian School, Kathy Webber!

Glendale Christian School 7th Annual Golf Tournament

By: Olivia Ardizzone

A final reminder that the Glendale Christian School golf fundraiser will be held on October 25, 2025. Players need a team of four to participate. It will be hosted by Point West Country Club in Vero Beach. Anyone who would like to sponsor our golf tournament (\$100) will fulfill all volunteer hours. This a \$50 discount and all golf sponsors/families will receive tee signage on the day of our tournament! If you know of a local business who would like to sponsor our golf tournament, please contact Jordan in the office.

Reviving the Natural Beauty of Glendale West: Timothy Hinkle

*By: Bentley Rose, Sofia Gangale
and Olivia Ardizzone*

In 1981, Timothy Hinkle needed to provide for his family and found that lawn management was his best option. When Mr. Hinkle began, he knew nothing about lawn work. He did a lot of reading and asked many questions which resulted in learning through trial and error. He says "One of the most important things is to pay attention to details when doing yards. If you tell a customer you're going to do something, make sure you do it." He enjoys seeing the beauty of the property. Mr. Hinkle feels it's a service to the Lord when your church and school looks presentable for those who attend. His favorite thing is coming out here in the quiet and mowing the big field in the back. He is at Glendale West most Thursdays working hard to make the property look beautiful. If you see Mr. Hinkle, be sure to thank him for all of his hard work!

Florida Oceanographic Lagoon

Florida Oceanographic Coastal Center

By: Eli Norvell

The Florida Oceanographic Society is an organization with the goal to inspire people to care for the environment through research and education. The Florida Oceanographic Society was founded in 1964 because Florida's coastal life and environments are tragically declining due to pollution. The Florida Oceanographic Coastal Center located in Stuart, FL, is Florida Oceanographic Society's 57-acre educational and research site with nature trails, a lagoon, and saltwater tanks. If you are looking for a day-trip over the weekend, this is a wonderful place to go. The Center is closed on Mondays, but is open all other days from 10am to 4pm. Tickets cost \$18 for adults, and \$9 for kids ages 3-12. For more information call (772) 225-0505 or check out their website: <https://www.floridaocean.org/>

NBA History including LaBron James!

By: Matthew Riendeau and Mason Mayerat

The 2025-2026 NBA season is set to begin on October 21, 2025, with an opening game between the Houston Rockets and the Oklahoma City Thunder. This season marks a significant milestone as it will be LeBron James's 22nd and final year in the league. Stephen Curry enters the season as the highest-paid player. The NBA, founded in 1946 as the Basketball Association of America (BAA), later merged with the National Basketball League (NBL) in 1947. The league currently consists of 30 teams split between the Eastern and Western conferences. The first NBA game was played on November 1, 1946, between the New York Knickerbockers and the Toronto Huskies. The Boston Celtics hold the record for the most NBA championships, with 18 titles. The third edition of the

Emirates NBA Cup is scheduled to return, with group play starting on October 31, 2025, and the championship game is expected to take place December 16, 2025, in Las Vegas.

Culture Corner

By: Haven Huber

Ice cream has a long and fascinating history that spans centuries and continents. Its origins can be traced back to ancient China, around 200 BC, where a frozen mixture of milk and rice was enjoyed. Later, during the Roman Empire, Emperor Nero is said to have sent slaves to the mountains, to collect snow, which was flavored with fruits and honey. When I go out for ice cream, I like to go to 2 Scoops Family Ice Cream Shop, located off U.S.1 and Oslo. It opened on June 1, 2025 and offers 84 delightful flavors. My favorite flavor is Hershey's Chocolate. The owner, Philip,

installed blinds and shutters for 25 years. One day, he took his crew to an ice cream store and saw how happy everyone was. He decided he wanted to open an ice cream store and share that happiness with everyone!

Brangus Cattle

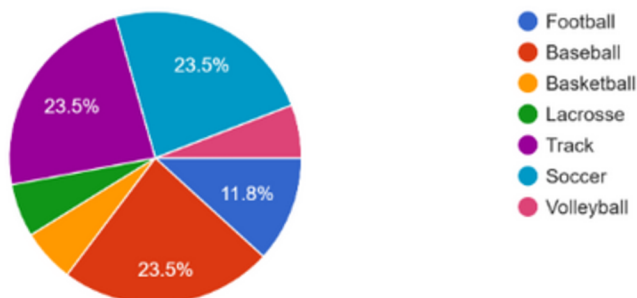

By: Eli Norvell

Brangus is a breed of cattle that originated in Louisiana in the early 1930s, to combine the great tasting Angus meat with the Brahman's high heat tolerance and adaptability to a wide range of climates. Brangus is found mostly in hot and humid places like Florida, Louisiana and Texas. Adult Brangus cows weigh around 1,800 to 2,000 pounds, and are 4 feet tall. Brangus have a great solid black skin coat with loose skin that creates neck folds. To buy a Brangus, most cost around \$2,000 or more. Cattle are a huge aspect of American culture because of their role in America's history, economics and traditions.
